Explanation of Report Contents

- 1). Operator Name - This is the operator name associated with this licence number.
- 2). Type of OCRS Score - Indicates if the summary line or event is relating to the Roadworthiness OCRS score category or the Traffic OCRS score category.
- 3). Number of OCRS Events - The total number of events recorded in OCRS for the calculation period, by score type.
- 4). Total Event Points - The total number of OCRS points allocated for offences or defects over the calculation period, by score type.
- 5). Total Prosecution Points - The total number of extra OCRS points allocated for operator and driver prosecution cases.
- 6). Event Points plus Prosecution Points - The final OCRS points total (defect/offence and prosecution points) over the calculation period, by score type.
- 7). OCRS Calculated Score - Calculated by dividing the number of OCRS points total by the number of OCRS events for each score type
- 8). Calculated OCRS Band - The base OCRS band, calculated by comparing the base score to the Amber and Red threshold bands for each score type.
- 9). Final OCRS Band - Indicates the final OCRS band, by score type, once any triggers have been taken into account.
- 10). Number of Operator Cases - The number of successful prosecution cases relating to an operator during the calculation period.
- 11). Number of Driver Cases - The number of successful prosecution cases relating to a driver during the calculation period.
- 12). Operator Case Points - The number of extra OCRS points allocated for operator prosecution cases.
- 13). Driver Case Points - The number of extra OCRS points allocated for driver prosecution cases.
- 14). Total Prosecution Points - Calculated as a sum of the points per operator and points per driver, by score type.
- 15). Weighted Points - The final OCRS points to be applied (i.e. the OCRS points multiplied by the weighting value).
- 16). Amber Threshold Value - The Amber threshold band at the time that the score was calculated, by score type.
- 17). Red Threshold Value - The Red threshold band at the time that the score was calculated, by score type.
- 18). OCRS Points Value - The points allocated to the visit outcome, by score type.
- 19). Source of Data - The type of event that occurred (i.e. a roadside enforcement or traffic check, a test or a prosecution).
- 20). Date of Event - The date that the event in question took place.
- 21). Location - The location that the event took place (please note that for prosecutions this will be the location of the court).

Operator Licence Number: PG1099783

Score Date: 18/09/2017

Positive Events Included: Y

Country of Origin: GB

- 22). VRM - The Vehicle Registration Mark for the vehicle involved in the event.
- 23). Driver Name - The name of the driver who was driving at the time of the event (please note that this is not always captured and will be blank for prosecutions).
- 24). Defect or Offence ID - The defect or offence number relating to a defect or offence that was found during the event.
- 25). Defect Description - A description of the defect or offence that was found.
- 26). Prohibition Category or Offence Band - The severity band of the defect or offence that was found (defect category 1-4 or 1S-4S for S mark defects, offence band 0-5 for roadside or prosecution offences).
- 27). OCRS Points Value - The points allocated to that defect or offence band within OCRS.
- 28). Weighing Value to be Applied - The time weighting to be applied to those points based on the elapsed time since the defect or offence occurred.
- 28). Weighed Points - The final OCRS points to be applied (i.e. the OCRS points multiplied by the weighting value).
- 30). Type of Event - This indicates if the Event was positive (i.e. no defects/offences were recorded) or negative (offences/defects were recorded).
- 31). Score Date - This shows the date that the OCRS score was calculated (please note that this will be the day before the score becomes active).
- 32). Combined Band - This shows the Combined OCRS band at the time of the score calculation.
- 33). Roadworthiness Band - This shows the Roadworthiness OCRS band at the time of the score calculation.
- 34). Traffic Band - This shows the Traffic OCRS band at the time of the score calculation.
